

Isolation and Procedure Masks

Precept Isolation Masks provide wearers with soft comfortable protection. Soft, breathable materials help maintain coolness. Earloops are non-irritating and exhibit excellent elasticity, and are sonically welded for durability. Precept's Isolation Mask provide excellent bacterial (BFE) and particulate (PFE) filtration efficiencies.

Child-Friendly Masks are available in children and adult sizing. Child size improves fit and protection for children, and colorful fun prints encourage compliance. Adult child-friendly mask is available in procedure style.

*The Centers for Disease Control and Prevention (CDC) recommends the use of face masks in healthcare settings for all patients exhibiting symptoms of a respiratory infection. Precept's child sized face masks (15150) are designed specifically to be used by children ages 3-12, to decrease transmission of respiratory infections.

Precept products do NOT contain natural rubber latex
